ARTS HIGH SCHOOL

550 Martin Luther King Jr. Boulevard
Newark, New Jersey 07102
(973) 733-7391

Dear Graduates.

Approximately 4 ½ years ago you walked through the doors of Arts High School ready to audition, desperately competing for one of 150 seats in the class of 2014. You were scared; you were timid. You were unsure that the gifts you possessed inside would shine through. You not only would be noticed but show a panel of teachers that out of the 1,000 terrified 8th graders you deserved that seat. Each and every year you were challenged to embrace your passion and commit to your craft. You continued to fight for roles and parts and an innate desire to be noticed. You learned lessons, many of which made you cry. You often doubted yourself but never gave in to the pressures and forces that constantly whispered in your ears, "You're not good enough" or "You can't do it".

Today you stand proud as you take your final walk out of the doors of Arts High School, a home that believed in you from the moment we laid our eyes on you. A home that taught you right from wrong, that scolded you when needed and praised you when appropriate. A home that embraced your passions and cultivated your creativity. A home that will forever be yours and one that is undoubtedly proud of the young men and women you have become.

It is with an enormous sense of pride that I salute you, and with a heavy heart that I say farewell and let you know my wishes for you:

I wish you guts to challenge your ability to try something new

I wish you a generous heart; share your resources with others without expecting anything else in return

I wish you humility

I wish you patience with yourself and others

I wish you determination for things won't always come easy

I wish you an open mind where acceptance of others cultivates kindness

I wish you common sense when faced with situations, decisions, quandaries, and the will to respond with good judgment

I wish you curiosity to keep asking questions, keep trying, keep living, and keep learning

I wish you honesty; it is often hard to speak the truth but definitely harder to hear it.

I wish you the discernment of your limits, your values, your absolutes, for a strong moral and ethical compass will be your ultimate guide through life

Lastly I wish you a joyfulness and sense of humor that never leaves you.

Congratulations graduates, each of you have only one thing that no one in this world has...you are the only person alive who has the sole custody of your entire life, your soul, and your heart. Life is glorious and you have no business taking it for granted.

As Gwendolyn Brooks writes:

Exhaust the little moment

Soon it dies

And be it gash or gold

It will not come

Again in this identical disguise

Learn to love the journey not just the destination

This is not a dress rehearsal

This moment will never come again

Today is your only guarantee

Love yourself as I love you! I will miss your laughter.

Ms. Lynn Irby-Jackson

Principal

Dear Graduates,

I extend my heartfelt congratulations to each graduate of the class of 2014 on your successful completion of high school. You are not graduating from just any high school; you are graduating from ARTS HIGH SCHOOL. You are now part of the history of this great institution and share a wonderful history with those who went before you. It is incumbent upon you to continue on this illustrious path to become a most responsible and important member of society. Let your actions, words, and thoughts positively affect your fate and the fate of this earth that we all share.

Everything for which you strived for, fought and sacrificed is crystallized by this moment in time. America has been and still is the land of opportunities. Do not take opportunities for granted! Take adversity and turn it into life's greatest teacher. Pledge to always maintain the highest standards possible. Let every decision be made with integrity and be true to you. "...understand that your success in life won't be determined just by what's given to you, or what happens to you, but by what you do with all of that – by how hard you try; how far you push yourself; how high you're willing to reach. Because true excellence comes only through perseverance." (President Barack Obama)

To the Class of 2014:

You did it! You have reached one of the many milestones of your life. Some of you reached it with flying colors, awards, and honors; still others, by the skin of your teeth. Yet the most important thing, the one thing on to which we want you to hold on to is the fact that you made it to your commencement.

As you reflect upon your high school years, I would like you to think about them as practice – an important rehearsal for the life ahead of you. Meditate on your successes, analyze your failures, and take lessons from every moment of these formative years. Your high school education should be less about the knowledge that you gained and more about the processes by which you gained that knowledge. Those processes, if used properly, should act as a security blanket in the rough times and serve as foundation as you continue to move forward.

Here at Arts High School you were taught to research, analyze, discover, interpret, and create. You have been taught the importance of ensemble and the beauty of teamwork. Your journey into artistry imbued you with the tools to both navigate and impact this world in amazing ways. As an artist, you have been taught to take an honest assessment of yourself and the world around you. Though you may not fully recognize it now, you hold the ability to create and reshape the world and to define and achieve great success, and many of you will.

No matter what you do with and within the rest of your life, these lessons will rear their head and show you the way to go. It is important that you continue to heed them. Whether you continue in your chosen art form or move on to something else, remember and reflect upon these important life lessons. Use them wisely and always remember: though you are a unique individual artist, you are never solo; honor your commitment to the whole of society.

It has been an honor teaching you, guiding you, laughing with you, and comforting you in times of need. You have a family here at Arts High. You are joining a proud legacy of Arts High School alumni. No matter how you feel now, you will look back and remember the good times, and you will proclaim with joy that you are Arts High.

Your Advisors,

Ronnie D. Carney

Valedictorian

Dear Graduates,

From the moment I stepped into Arts High School, I told myself that I would graduate at the top of my class, and to be doing it now seems almost surreal. Throughout my high school years, I have learned a lot of great lessons about life and about success. To me, a great life is a successful life, and these are some of the ways I have learned to become successful.

Always set goals for yourself, because without goals, you won't have drive or determination. Know that failure is a part of life; do not be discouraged if you fail, but rather keep pushing, do not give up, and try again, because once you succeed it will just feel even greater. Realize that success is not just work, work, work; it is also peace of mind. Therefore, do not be afraid to just sit back and do a whole lot of nothing sometimes. Perhaps the most important thing to remember is to believe in yourself. Do not pay mind to the stigmas placed on you, because if you do not believe in yourself, then who will?

These four years of high school have been great! I am thankful to all of my teachers and amazing friendships that I've formed.

Sincerely,

Cristina Rosario '14

Salutatorian

Dear Class of 2014,

As we approach a new chapter in our lives, reality and stress begin to play a huge role. For different reasons, many of us are still unsure about what it is that we want to do for a living. Remember that in the end, what truly matters is that you are happy with your life.

The one sure way to be happy with your life is to follow your dreams. Don't pursue something that you know will make you miserable. Instead, find something that you are passionate about and work hard to try to make it into a living, simply because you enjoy doing it.

In order to follow your dreams, make sure you stay focused on your goals. By doing so, you can accomplish anything. It took me a lot of hard work to be in the position I am now. Most importantly, I knew what my final goal was to do the best I could academically in high school, so that I could go to the college of my choice. Although this isn't the final destination of my dream, I can use the same steps to pursue my passion in college, work, and life: simply set my goal and plan how I am going to get there.

Best Wishes,

Amyn Pelaez '14

President Ashanti Colon

I never imagined that time would go so fast or that people could grow so much. I definitely didn't think that I would be president and have to give remarks for the yearbook. These four years defined who I am and who I have yet to become. Walking through these halls gave me so much joy and leaving will bring so much pain. I was so closed off from the world yet Arts High made me blossom. All the friends I have made and lost, things I have learned, mentors I have come to cherish came from Arts. They say when you grow up, you shed your childhood tendencies for a grown up reality. This place was my childhood and I'm not ready to say goodbye. I LOVE YOU ARTS :'(

Treasurer Carrissa Evans

As treasurer of the 2014 senior class, I had an intense job. Counting large sums of money a day can get a little crazy. Through it all I enjoyed it. This position created a bond that is unbreakable and I will never forget. That bond between Ms. Pettiford and I is so great that I call her "Ma". Being a part of the senior office was a great experience, and I love everyone in it. My love goes to my God, my parents, boyfriend, best friends, and all those who never lost faith in me. My words to the future ... "the rest is still unwritten"

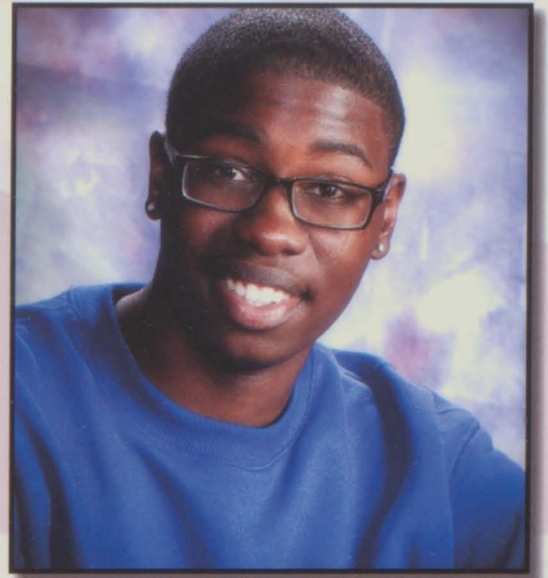

Fundraising Manager Tamia Scott

This year has been a long, stressful but exciting year as a senior. Being a part of the student council as fundraiser manager was new for me and I'm glad I was able to experience it. The best part about being fundraiser manager was coming up with ideas to get all of the student body together to raise money for us and try to grow as a class. As a whole we have grown to become amazing young adults with bright futures ahead of us. I would like to wish everyone the best of luck and I know you'll all do great.

Vice President Ameer Copper

YOOOOOOO!!!!!! What's up everyone. I enjoyed being involved with you all. Overall I had so much fun with y'all. These four years went by super fast. I hope everyone has success in thier future. My four years at Arts will be unforgettable. I want to give a shout out to my MOM, for always being there for me. My fav teachers Ms. BC, Ms. Dones, Ms. Mooney, Ms. Darden, and Mr. Simmons. Shoutout to all my homies. Turn to page 19..... But best wishes to ALL. I love yall. 2014 forever.

Secretary Tyra Willis

Hi EVERYONE ! I enjoyed being your secretary (for the most part) and I wish everyone the best in their future. No matter how much we all argue and sometimes even fight all of us share a comon goal and that's GRADUATING. I am truly going to miss all of the drama majors, the people on the executive board, Ms. Pettiford, Ms. Mooney, Ms. Gallion and Ms. Covington. All of you have helped me in ways you may not even know. I hope to see **ALL OF Y'ALL** at graduation (no shade) so we can throw our caps up in honor of our accomplishments.
CONGRATS CLASS OF 2014. WE MADE IT !

Fundraising Manager Sameer Copper

Oh , Arts High we sing to you
To the green and grey we're true.
Your portals of art and song,
will forever make you strong.
Your halls and your classes hold the
memories of great deeds.
As the years go marching on , one by
one we'll soon be gone,
though our hearts will be with you,
(Arts High).
